NO PAYMENTS For 4 Months!

That's right! You can buy the equipment you need NOW. You can take delivery NOW. You can start earning/saving money with that equipment NOW. First Capital will pay your vendor 100% of the invoice price NOW. You make **no monthly payments for 4 months!**

Total out of pocket expense is just a one-month security deposit and documentation fee. That's it! For the first 3 months you make only "contact payments" of just \$25/each beginning *30 days after delivery*. Example: Deliver by Dec. 31st and ***your first regular monthly payment wouldn't be due until April.*** But it gets even better:

You can buy NOW,

Your vendor can get paid NOW,

No monthly payments due for 4 months

And most businesses can still...
